Training of Permanent Missions to the OAS in International Refugee Law

| | |
|--------------------------|--|
| Why is it good practice? | It enables the permanent representatives of the member states of the OAS to be trained in international refugee law, from a regional perspective, and encourages the organisation to continue adopting resolutions and policies regarding refugees and other persons of interest to UNHCR. |
| UNHCR | Annual courses on international refugee law for Permanent Missions to the OAS take place at the headquarters of this organisation in Washington D.C. |
